EDUCATION

Polytechnic University of The Philippines

Sta. Mesa Manila, Philippines

Bachelor of Science in Computer Science

Expected Graduation, September 2025

- **GPA:** 3.75/4.00, *President's Lister*
- **Related Coursework:** Data Structures & Algorithms, Modeling and Simulation, Discrete Structures, Machine Learning, Artificial Intelligence, Information Management, Design and Analysis of Algorithms, Software Engineering

SKILLS

Programming: Python, C, SQL

Web Development: HTML/CSS, JavaScript, React.js, Next.js, SASS, Semantic UI

AI / Machine Learning: PyTorch, OpenCV

Tools: VS Code, Jupyter Notebooks, MySQL, Firebase, MongoDB, Figma, Canva

EXPERIENCE

Zynappse Corporation

Pasig City, Metro Manila

Web Developer Intern

Aug 2024 – Sep 2024

- Focused on front-end development, ensuring responsive and accessible layouts across devices
- Developed web-based activities and projects, including a personal portfolio and an article website
- Gained hands-on experience using React, Next.js, Semantic UI, and SASS to build interactive and well-structured web interfaces

PROJECTS

Thesis: DermaScan

PUP Manila

Team Leader

March 2024 – March 2025

- Developed a web application that integrates a hybrid AI model to detect and classify eight types of facial skin diseases
- Designed and implemented a hybrid deep learning model AlexNet as a feature extractor and XGBoost as the classifier

CleverCash

PUP Manila

Team Leader

2023

- Developed a smart financial management web application designed to help users track and manage their expenses efficiently
- Utilized MongoDB as the NoSQL database, React for the front-end interface, and JavaScript for back-end development
